charging processes

start charge process:

1. unlock vehicle (press "unlock" button on car key)
2. insert charging cable into port

3. tap card at ((o)) to start charging

   -
   - at this point, the car will latch onto the cable to prevent it from falling out
   - you will need to press "unlock" on car key to release the latch

   -
   - (after a while, door will lock automatically)

4. view your station command ctr or charging order to see status

end charge process:

1. tap card at ((o))

2. to remove, press "unlock" on the car key, and remove the cable.

1.

2.
